

NOTICE

In compliance with NRS 237.080, local governments are to notify trade associations or owners and officers of businesses that are likely to be affected by the adoption of the proposed rule, so that you may submit data or arguments to the governing body, or its designee, if you believe the adoption of the referenced rule will either (a) impose a direct and significant economic burden upon business, or (b) directly restrict the formation, operation or expansion of a business.

The City of Reno proposes to amend the Reno Municipal Code, Title 18, Chapter 18.12, Section 18.12.405, Subsection (d)(1), Post construction storm water quality management plan required for all applicable development to reflect the revisions to the Structural Controls Manual, the Low Impact Development Manual and the Public Works Design Manual.

The City of Reno proposes to amend the Reno Municipal Code, Title 12, Chapter 12.16, Section 12.16.895, Adoption of the structural control design manual to reflect the revisions to the structural control design manual.

The proposed ordinances and manuals are available for review and copying at the Office of the City Clerk, 1 East First Street, 2nd Floor, Reno, Nevada. The ordinances and manuals are also available for viewing at www.reno.gov and tmstormwater.com NEWS page.

Informational meeting on the proposed ordinance amendments and revisions to the manuals will be held on July 20, 2015 at Noon, and August 3, 2015 at Noon, at the Builders Association of Northern Nevada, located at 5484 Reno Corporate Dr Suite 100, Reno, NV 89511.

Any data or arguments must be received on or before August 24, 2015 and directed to the address below.

Attention: Lynell Garfield, P.O. Box 1900, Reno, NV 89505 or email garfieldl@reno.gov.

If you have any questions, you may contact garfieldl@reno.gov.

The City thanks you for your attention to this matter and looks forward to receiving any comments you may have on the adoption of the proposed ordinance amendments and manuals.
